

Johnny Olszewski

johnolszewskim@gmail.com | (203) 300-0973 | San Diego, CA | linkedin.com/in/johnolszewskim

After leaving the military I started in engineering to build a strong technical foundation but knew that's not where I would stay. As a product manager, I leverage that experience to balance engineering constraints and business goals to prioritize effort to achieve product outcomes.

PROFESSIONAL EXPERIENCE

Resmed

Project Manager (Secondment)

San Diego, CA

OCT 2025 - PRESENT

- Define product vision and desired outcomes for new team to support and implement mobile app experimentation platform for a XX.X patient population.
- Manage stakeholder communications and expectations to prioritize developer effort across support for in-app experimentation, platform enhancements and maintenance and tech debt.
- Manage and prioritize Jira backlog, generate product documentation, planning documents and other various products to share team progress and accomplishments.

Resmed

iOS Engineer

San Diego, CA

MAR 2024 - PRESENT

- Develop, maintain and iterate on iOS app features using both UIKit and SwiftUI to achieve desired user experiences.
- Integrate AWS AppSync, Amplify, GraphQL and implement features for real-time data sync between mobile clients, Resmed hardware and AWS services.
- Utilize Swift Testing/XCTest and Cucumber, update and maintain GitHub Actions Workflows and modify tests for Fastlane screenshots.
- Collaborate with cross-functional Agile teams using Jira for sprint planning, Git/GitHub for version control, and conduct thorough code reviews to maintain high code quality standards.
- Implement secure, scalable solutions to protect patient data and ensure HIPAA compliance.

Previous Company

Job Title

City, ST

JUN 2020–DEC 2022

- Describe a key achievement or responsibility here.
- Describe another accomplishment with measurable impact.
- Mention relevant technologies, tools, or methodologies used.

Earlier Company

Job Title

City, ST

AUG 2017–MAY 2020

- Describe a key achievement or responsibility here.
- Describe another accomplishment with measurable impact.

PROJECTS

Project Name

React, TypeScript, PostgreSQL

- Describe what the project does and the problem it solves.
- Highlight technical decisions, architecture, or key features.

Another Project

Python, FastAPI, Docker

- Describe what the project does and the problem it solves.
- Highlight technical decisions, architecture, or key features.

EDUCATION

University Name

M.S. Computer Science

Relevant coursework or focus areas

2021–2023

Another University

B.S. Computer Science

Minor or honors

2015–2019

SKILLS

- **Languages:** JavaScript, TypeScript, Python, SQL, Java
- **Frontend:** React, Next.js, Tailwind CSS
- **Backend:** Node.js, FastAPI, Django, RESTful APIs
- **Databases:** PostgreSQL, MySQL, Redis
- **DevOps & Tools:** Docker, CI/CD, Git, GitHub Actions

CERTIFICATIONS

- **Certification Name** – Issuing Organization (Year)
- **Another Certification** – Issuing Organization (Year)
