PROFESSIONAL EXPERIENCE

Founding Software Engineer

Prize LLC

Remote

November 2023–Present

- Collaborate with leadership on product architecture and goals while establishing engineering standards and efficient workflows in a pre-funding startup.
- Lead the development of a cross-platform mobile app and web portal for veterans and partner organizations using React, React Native, Django, and Neo4j, ensuring scalable, user-focused solutions.

Associate iOS Engineer

ResMed

San Diego, CA

March 2024–Present

- Implement features and maintain an existing health technology app using Swift, SwiftUI, and UIKit, ensuring seamless functionality and a positive user experience.
- Collaborate with cross-functional teams in an Agile/Kanban environment, utilizing JIRA for task management, conducting code reviews, and maintaining code quality with Git/GitHub.

Captain, F/A-18 Hornet Weapon Systems Officer (WSO), Naval Flight Officer (NFO)

Various Locations

United States Marine Corps

June 2017–February 2024

- Mastered and employed weapons systems and capabilities of the F/A-18 to qualify as a fleet aviator.
- Managed squadron occupational health and safety programs, identifying hazards and implementing controls as Safety Officer.

PROJECTS

Founding Software Engineer

Prize LLC

Remote

November 2023–Present

- Develops cross-platform Android and iOS applications using React Native and TypeScript, implementing efficient state management with Redux and API integrations with a Neo4j database.
- Conducts code reviews with the CEO/founding software engineer to optimize and refactor code managed via Git and shared on GitHub.

Associate iOS Engineer

ResMed

San Diego, CA

March 2024–Present

- Contributes to Student product development in an Agile environment using Xpresso, organizing requirements, analyzing problems, and communicating insights to complete JIRAs and deliver code.
- Implements robust business logic solutions using Xpresso and object-oriented design principles, ensuring clarity, maintainability, and scalability.

EDUCATION

University of Richmond
